

the induction of the dreams

- 1- Hey you the messenger! When you had the induction (of the temperamental dreams to the people mind) and ushering them, then you supply for them to be unbrace for their providing and they be able to write and enumerate it, and you be aware of the your bringing up the deity, you have to not exit them from their planning, and they not be driven out unless they come to obvious flagrancy. and this is the boundary lines of the god , and someone who pass from god boundary line then indeed is cruel about himself, you don't know, maybe this deity starts a new subject.
- 2- Then you in due time hold in them in a well-known position toward separating and making them well known, and you get their resemblance setting up as the witness. And you have to stable the witnessing about this deity (that denote the Satan or this deity is not the god). This is what the god advise you to it for someone who believes to the god and another truth (out of the Antichrist –Satan- destination exhibition). Therefore, everybody who is afraid of this deity (forming the Satan as the god) the god set in for him an exit way.
- 3- And will feed in him in ways that he do not enumerate it, and everyone who get the god as his director and his manager then it is enough for him for being at correct condition, truly the god imparted his order, indeed he placed for everything a measurement.
- 4- And those whom are disappointed from releasing flow of nice senses what you ushered in the minds on concepts, if you prepared it then their providing way has to make famous the right things and separate it from wrong. And those who did not gathered it and so those who have the potency of bringing on; there is a time out for them to process it.
- 5- This is the order of the god stablished toward you, and someone who avoids himself from this deity (Antichrist and what helps to shows he as the god), the god will cover his abomination, and makes respect for him as the reward.
- 6- You have to give them the relief by keeping rest yourself in the love of favorites and by your expressions and your emotions and your hate. In addition, you do not hurt them for constricting them cause of your petulance. In addition, if they have the potency of bringing on, then you

take it easy for them, encourage them, and promote it for them to process it and if they are feed into and fostering for your favorites then you have to supply their rewards, and between yourselves place in the nice points and nice images. If you made difficulty and annoy for each other, another group will feed into his ideas and foster his idea (accordant to Antichrist-Satan- ideas).

- 7- For what, someone who is patent, promote (the god verb)by using his patency, and someone who his learning continuously of the god verb will let him under pressure promote by what the god gave him, the god do not impel someone unless what has be given to him. Soon the god will place in the easiness after difficulties.
- 8- And what many groups that had co-ordinance in action and disobey their god order and his messages, then when we counted the truth it caused to tense counting these group(in destination of Antichrist for them) and caused (so they think) we give them the abomination torture (in Antichrist destination for them).
- 9- Thus they taste the torture of their order (the Antichrist destination), and the alternative image that they select as true image (in their magic destination) was harmful.
- 10- This deity (Antichrist) provided for them a sever torture. Then you wise people! Be aware of this deity. The god had prepared the mention for the people who believe the god.

For that, you know that the god has the puissance over everything and that the god knows everything.
