

the debate

1-Indeed, the god heard the told of who that was debating you about his painted cover and was complaining about it toward the god, and the god was hearing your conversation. Truly, the god is receptive and clear-sighted.

2-those who pride to dominancy over others because of you in their minds steering, they are has no intention to you (your goal), but their intention is on those who cause to be born fruit (as their favorite).indeed they induct you something whereas they deny it and with duplicity. And truly the god is forgiver with making well arrayed.

3- And those who pride to dominancy over others because of their mind steering then after that return from what they regarded to, then you abandon the substance of submit and commitment before they (the Antichrist and his obedient group) make each other odorant. This is what the god advice to you and the god is wise about you are doing.

4-Then someone who did not find the case, the he has to avoid making famous two subject that are conformance each other before that they (the Antichrist and his obedient group) make odorant each other, then who could not does, then he behave formulaic way that confine the abject matters. This is for that you make the security with the order of the god and his messenger and this is the boundary line of the god and for rejecters of the god word is a gloomy torment.

5-Truly, those who behave like the enemies of the god and his messenger will be plummeted same as those who plummeted before them. And just we stabilized the reasonable and noticeable signs that is scornful torment for deniers of the god verb.

6- The day who this deity (the Satan) will extrude them totally then will displace them base on what they done .this deity (the Satan) counted it but they were negating and forgetting it and the god is witness to everything.

7- Did not you see that this deity (Antichrist-Satan) stabilize whatever is in the signified templates and well-formed signs that in arranging around make beauty for them. There is not any secrecy confidence action for exhibition the right and proofing the false unless he is inhibitor of them. And there is not any action for contradistinguish unless he leads them to fucking. And any case of this kind of making low down and any preponderance unless he is

accompanying them in every statement they are, and at the time of making solidest (the signs and concepts that is the reason that he is the god) he will displace them base on what done. This deity (the Antichrist-the Satan) is the learned one to leading to coerce and necessitate.

8-did not see you about those who were proscribed from the secrecy confidence action for their dominancy, then they returned to what they were proscribed and they fetch up the secret concepts on the way of sin and enmity and insubordination against the messenger. And when they come to you they say viva you (sarcastic abet-like be alive) like they do not know that the god inspirited you in this way (profess of the god verb). And they say in their heart why not the god tortured us because of what we express. It is enough for them the gloomy hell abject they deal and plan for it (for themselves) and what bad is the end of their destination.

9-Hey you the god believers, when you want to do secrecy confidence for exhibition of the truth, then you do not secrecy confidence in the way of the sin and enmity and insubordination against the messenger of the god. And you have to do secrecy confidence in the way of square and straight out and virtue and you be aware of the one who you are impassioned by him in his way (the Satan).

10-Indeed, the secrecy confidence for exhibition that you are right is from the Satan precept for making sadness the god believers and cannot damage them anything unless by allow of the god, then the god believers rely the god.

11-Hey you the god believers, when there it is said to you that you open the way of giving visa in the offices then you have to open the way. The god will evolve your way. And if there is said to you insubordinate (against the Satan ban) you have to insubordinate. The god will heighten some degrees those of you that believed the god and those who are given the knowledge. And the god is sage about what you do.

12-Hey you the god believers, when you did a secrecy confidence in relation with the messenger of the god, then you prefer the veracity and integrity to the prime grace of secrecy confidence. This is better and cleaner for you, and then if you did not understand it this deity (the Satan) is scratcher (of good things) with mercifulness.

13-Were you afraid of preferring the veracity and integrity to your prime grace in secrecy confidence? Then when you did not prefer and the god did forgive

you and returned to you thus you set up the adjustment of the truth and bring the net sight and obey the god and his messenger. And the god is sage about what you do.

14-Did not you see those of the people under the wrath of the god, they are neither from you nor from them and they promise base on lie and they know it.

15-The god provided for them sever torment. Truly what the bad they are doing,

16-They got what makes their felicitous as a shield (against bad augur in the Satan destiny for them) and abstracted the way of the god. Thus, there is for them the scornful torment.

17-Their attained wishes and their fruits will not make them the needless people from the god .they will be the group of people who are engrossed in the signs and the denotes and the sentences (in magic Antichrist destiny).

18-The day who the god arouse and awaken all of the people (by messengering of the Christ by professing the holy books) this group promise that they are confederates in the god party, same as their promise to you as your confederate and they think they have the potency of coerce and necessitation in destination. Behold! They are fake and sham.

19-The Satan mastered them under influence of making sharpened witness senses and propelled them by rhyme scheme then made them to forget the mention of the god. They are the Satan league. Behold! Truly the Satan league they are the lost people.

20-Truly those of people that are in enmity with the god and his messenger, they are in most low down degree.

21- The god wrote that my messengers and I we absolutely conquest. Truly, the god is forceful and puissant.

22- You do not find any group of people who believe to the god and another scheme of truth (out of the Satan destiny for people) that they get as friends those who have enmity with the god verb and his messenger even they be those father or their children or their brothers or their family . They are whom the god wrote in their heart the belief, confirmed them by his spirit, and inters them to harbors that flows base of it bright truth. They get it necessary. The

god is satisfied with them and they are satisfied of it. They are the league of the god. Behold! Absolutely the league of the god is victor and salvaged.
