
" The gathered global people minds by association around the center of sense, concept, and view "

1-Whatever in the signified template and whatever in the well-formed as merit mean in the arranging noticeable signs together, declare that the god is innocent and far from these actions (what does the Satan) and he is the dear, the wise.(

2-He is the one who extrudes some part of people of affiliated to holy books that they rejected you from their steering of their willing, for being the premier in the position of "The gathered global people minds by association around the center of sense, concept, and view". They did not think that they will be extruded and they thought that their sustainers protect them from the god. Then, the god brought for some kind that they did not count and did throw fear about their false points.

They destroy their designed plans by themselves exceeding expertness in knowledge and by expertness in the knowledge of god believers. Therefore you the sage people, be the byword.

3-And if there was not that the god wrote for them they give up, certainly would torment them in life (worthless Antichrist destiny) and in another whole truth there was for them the torment of the denote and sentence.

4-This is because they did hostility to the god and his messenger and someone who does hostility to god, thus the god is severe punishment.

5-Did, not you cut off any amenity or you did not leave to stand up its base of its manuals unless the given knowledge by the god and to disdain the disobedient people.

6-And somewhat that was the grants of the god to his messenger, toward these you did not tremble it by arraying the fancy design and alignment of the signs, but the god will give the domination to his messenger over everybody that he wants. Therefore, the god is puissant to do everything.

7-Whatever the god grants for his messenger from in the coordinated events in the explanation templates in holy books, (its beneficence) belongs to the definition and distinction of this deity (the Antichrist) and the messenger. And for someone is approaching to being the victim, and orphans, and scorned ones and those who have the potency to be as the target of doing workable the gossips and contempt. In order that not be steering between needless people of you in their way. And whatever the messenger order, you admit it and what he proscribe you from it then you have to end it. And be aware of this deity (Antichrist) and avoid his obedience. Truly, this deity (Antichrist) has a strict and grave Alternative destiny for you.

8-For the stricken people who take themselves far away from evil way, those who are extruded from their natural determent and their wishes because they were searching the god gracious and satisfaction and help the god way and his messenger, they are the honest people.

9-And those who before of them were leveler of steering in a good way and belief to the god, love everybody who gets far away (from Antichrist destination obedience) toward them. And they do not find any self-intended wish in their issue by what they service and they follow and trace their goal despite compounding of denotes to them(in the Antichrist false destination) even there be a blot and disparagement about them. The one who avoids greed to denote about himself, will be saved and the victor.

10-And those who came after them and say: our god you scratch the deformities for us and our friends that antecede from us in belief and in do not place in dishonesty in us at the case of our lovely lies (our favorites in the Antichrist destination that is false) about the god believers. Our god you are kind and merciful.

11-Did not you see the profound ones say to their allegiances, those of customary to holy book that rejected you: if there, you were extruded and were deformed we will exit with you (from the position that caused it), we never obey anyone, and if you were fought, we will help you. And the god knows that they lie.

12-If they were extruded and were deformed they do not exit cause of them and if they were fought they do not help them and if they help them surely they manage to target their goal and then after they have not been helped .

13 -Absolutely, in their issue, you are the most severe fear from the god. This is so because they do not intellectualize .

14-They do not fight against you altogether unless in the coordinated protection way (protected by Satan) or behind walls. Between them, the torment of other dominancy is severe. You count them all united but their hearts are scattered. This is so because they do not intellectualize.

15 -Like those who before were approached to the goal, they tasted torment of their precept and there is a gloomy torment.

16-Same as Satan when said to human: you have to reject belief to the god, then after the human rejected believing to the god, the Satan said I am remedied cause of your behavior (remedy from the stain of being the Satan and base of evil). However, I am afraid of the god the creator of the world yet (because the god maybe reveals the truth and the Satan character by professing Christ).

17-And their selection as the alternative was that they (the Satan and the people) seriously clasp the signs and denotes and sentences (in Satan's destiny) and remain to persist in it, the people with unjust and improper comparison get this kind of comparison (signs and marks in the Satan magic destination) as the alternative .

18 -Hey you believers, be aware of this deity, and everybody has to consider what he is sending for tomorrow and be aware of this deity. The god is acquainted with what you do.

19-And do not be like those who forgot their favorite denote template (the damage of a special denote that makes an evil template in the magic destination of Satan). They are disobedient people.

20-they are not equal the friends of making sign and denote and sentences (in the magic Satan destination) with friends of making the harbor for the human being (in the god destination). The friends of making harbor for the human being will be saved with glory and victory.

21 -If we stabilize this arraying of the signs to clarify the truth in only one special theme, you just were seeing no way for it and distressing and making the people scattered because of the horror about this deity. And we say these kinds of examples for people maybe they think about it .

22 -He is the god that there is no god except him. The sapient of secrets and what makes the witness and he is compassionate and merciful.

23-How is the one that there is no god except him, the innocent king, without default, the bringer of the security, the supporter and the guard, the forceful, the amender and maker of grandiose. He is far from what they make share for him.

24-He is the god, the creator and the purge maker, and the designer. The nice identification signs belong to him. Whatever signified templates and arranged signs and concepts declare that he is innocent and far from these actions. (Satan's actions) and he is the dear, the wise.
